

§ 635.29

of catch by vessels fishing under the incidental catch quota.

(B) No more than 2 swordfish per trip may be possessed in or from the Atlantic Ocean north of 5° N. lat. or landed in an Atlantic coastal state on a vessel that has been issued a handgear permit under § 635.4(f)(1) provided that such swordfish were not taken with a harpoon.

(ii) When the directed fishery for the South Atlantic swordfish stock is closed, swordfish from that stock taken incidental to fishing for other species may not be retained.

(2) *Incidental catch closure.* When the annual incidental catch quota specified in § 635.27(c)(1)(i) is reached, or is projected to be reached, NMFS will file with the Office of the Federal Register for publication notification of closure. From the effective date and time of such notification until additional incidental catch quota becomes available, no swordfish may be landed in an Atlantic coastal state, or be possessed or sold in or from the Atlantic Ocean north of 5° N. lat. unless the directed fishery is open and the appropriate permits have been issued to the vessel. In the event of a directed and incidental North Atlantic swordfish category closure, South Atlantic swordfish may be possessed in the Atlantic Ocean north of 5° N. lat. and/or landed in an Atlantic coastal state on a vessel with longline gear onboard, provided that the harvesting vessel does not fish on that trip in the Atlantic Ocean north of 5° N. lat., the fish were taken legally from waters of the Atlantic Ocean south of 5° N. lat., and the harvesting vessel reports positions with a vessel monitoring system as specified in § 635.69.

§ 635.29 Transfer at sea.

(a) Persons may not transfer an Atlantic tuna, blue marlin, white marlin, or swordfish at sea in the Atlantic Ocean, regardless of where the fish was harvested. However, an owner or operator of a vessel for which a Purse Seine

50 CFR Ch. VI (10–1–08 Edition)

category Atlantic Tunas permit has been issued under § 635.4 may transfer large medium and giant BFT at sea from the net of the catching vessel to another vessel for which a Purse Seine category Atlantic Tunas permit has been issued, provided the amount transferred does not cause the receiving vessel to exceed its currently authorized vessel allocation, including incidental catch limits.

(b) Persons may not transfer a shark or a sailfish at sea shoreward of the outer boundary of the EEZ, regardless of where the shark was harvested, and persons may not transfer at sea a shark or a sailfish taken shoreward of the outer boundary of the EEZ, regardless of where the transfer takes place.

§ 635.30 Possession at sea and landing.

(a) *Atlantic tunas.* Persons that own or operate a fishing vessel that possesses an Atlantic tuna in the Atlantic Ocean or that lands an Atlantic tuna in an Atlantic coastal port must maintain such Atlantic tuna through offloading either in round form or eviscerated with the head and fins removed, provided one pectoral fin and the tail remain attached.

(b) *Billfish.* Any person that possesses a blue marlin or a white marlin taken from its management unit or a sailfish taken shoreward of the outer boundary of the EEZ or lands a blue marlin or a white marlin in an Atlantic coastal port must maintain such billfish with its head, fins, and bill intact through offloading. Persons may eviscerate such billfish, but it must otherwise be maintained whole.

(c) *Shark.* (1) Notwithstanding the regulations issued at part 600, subpart N of this chapter, a person who owns or operates a vessel issued a Federal Atlantic commercial shark LAP must maintain all the shark fins including the tail on the shark carcass until the shark has been offloaded from the vessel. While sharks are on board and when sharks are being offloaded, persons issued a Federal Atlantic commercial shark LAP are subject to the regulations at part 600, subpart N, of this chapter.

(2) A person who owns or operates a vessel that has a valid Federal Atlantic commercial shark LAP must maintain

the shark intact through offloading except that the shark may be dressed. All fins, including the tail, must remain naturally attached to the shark through offloading. While on the vessel, fins may be sliced so that the fin can be folded along the carcass for storage purposes as long as the fin remains naturally attached to the carcass via at least a small portion of uncut skin. The fins and tail may only be removed from the carcass once the shark has been landed and offloaded.

(3) A person who owns or operates a vessel that has been issued a Federal Atlantic commercial shark LAP and who lands sharks in an Atlantic coastal port must have all fins and carcasses weighed and recorded on the weighout slips specified in § 635.5(a)(2) and in accordance with regulations at part 600, subpart N, of this chapter. Persons may not possess any shark fins not naturally attached to a shark carcass on board a fishing vessel at any time.

(4) Persons aboard a vessel that does not have a commercial permit for shark must maintain a shark in or from the EEZ intact through landing with the head, tail, and all fins attached. The shark may be bled.

(d) *Swordfish*. Persons that own or operate a fishing vessel that possesses a swordfish in the Atlantic Ocean or lands a swordfish in an Atlantic coastal port must maintain such swordfish in round or dressed form through offloading.

[64 FR 29135, May 28, 1999, as amended at 67 FR 6201, Feb. 11, 2002; 69 FR 53362, Sept. 1, 2004; 71 FR 58173, Oct. 2, 2006; 73 FR 40711, July 15, 2008]

§ 635.31 Restrictions on sale and purchase.

(a) *Atlantic tunas*. (1) A persons that owns or operates a vessel from which an Atlantic tuna is landed or offloaded may sell such Atlantic tuna only if that vessel has a valid HMS Charter/Headboat permit, or a valid General, Harpoon, Longline, Purse Seine, or Trap category permit for Atlantic tunas issued under this part. However, no person may sell a BFT smaller than the large medium size class. Also, no large medium or giant BFT taken by a person aboard a vessel with an Atlantic HMS Charter/Headboat permit fishing

in the Gulf of Mexico at any time, or fishing outside the Gulf of Mexico when the fishery under the General category has been closed, may be sold (see § 635.23(c)). A persons may sell Atlantic tunas only to a dealer that has a valid permit for purchasing Atlantic tunas issued under this part. A person may not sell or purchase Atlantic tunas harvested with speargun fishing gear.

(2) Dealers may purchase Atlantic tunas only from a vessel that has a valid commercial permit for Atlantic tunas issued under this part in the appropriate category.

(3) Dealers or seafood processors may not purchase or sell a BFT smaller than the large medium size class unless it is lawfully imported and is accompanied by a bluefin tuna statistical document, as specified in § 300.185(a) of this title.

(4) A BFT in the possession of a dealer or seafood processor is deemed to be from the Atlantic Ocean. However, a BFT will not be deemed to be from the Atlantic Ocean if—

(i) It was landed in a Pacific state and remains in the state of landing, or

(ii) It is accompanied by a bluefin tuna statistical document, as specified in § 300.185(a) of this title.

(b) *Billfish*. (1) Persons may not sell or purchase a billfish taken from its management unit.

(2) A billfish or a closely related species, namely, black marlin, *Makaira indica*, striped marlin, *Tetrapturus audax*, or shortbill spearfish, *Tetrapturus angustirostris*, or a part thereof, in the possession of a dealer or seafood processor is considered, for purposes of this part, to be a billfish from the Atlantic Ocean management unit. However, a billfish or a closely related species will not be considered to be from the Atlantic Ocean management unit if—

(i) It was landed in a Pacific state and remains in the state of landing, or

(ii) It is accompanied by a Billfish Certificate of Eligibility (COE) form, obtained from NMFS, or its equivalent that documents that the fish was harvested from other than the Atlantic Ocean management unit.

(A) The Billfish COE required under this section must indicate, in English,
